

People are **living longer**. This is a good thing.

We will **work with you** and your **carers/family** to find out **more about you**.

Some people with a Learning Disability might have trouble **remembering** things as they get **older**.

We will do some **assessments** to **find out what you are good at** and **things you might need help with**.

The **Community Learning Disability Team** will **work with you**.

We will **talk to you and your carers** about what we have learnt about you.

If you have **Down's Syndrome**, we can work with you from when you are **aged 30**.

We will **continue to support** you and your carers in making **ongoing plans for your care**.

Gloucestershire Health and Care
NHS Foundation Trust

Please **call us** if you if you have any questions.
