

Environment Policy

The environment is the world around us, the plants, animals and the earth. This policy is about how Inclusion Gloucestershire wants to help the environment; this is called being 'environmentally friendly'.

Our Aims –

- We want to follow the laws about the environment
- We want to have as small an impact on the environment as we can
- We should all think about the environment when making choices for Inclusion Gloucestershire
- We want to make sure all our employees are trained about helping the environment

Paper

	<p>We should all try to only print when we have to.</p>
	<p>We will try to use recycled paper when we can</p>

Energy and Water

	<p>We should all try to turn off electric items and lights when we are not using them.</p>
	<p>We will try to use the heating sensibly.</p>
	<p>We should think about how much electricity things will use when we are buying new items for the office or Hubs</p>

Office Supplies

 The logo consists of a green square with the word "EARTH" in white capital letters at the top and "FRIENDLY" in white capital letters at the bottom. In the center is a white circular icon containing a green leaf.	<p>We will try and use things that are the most environmentally friendly choice</p>
 The logo features a green circular arrow icon on the left, followed by the word "recycle" in a bold, green, lowercase sans-serif font.	<p>We will recycle as much as we can in the Office and the Hubs</p>

Transport

 An illustration of the rear side of a beige car, showing the rear wheel and the exhaust pipe. Three wavy lines representing exhaust smoke are coming out of the pipe.	<p>We will try to only travel when we must.</p>
 An illustration of a laptop screen displaying a Skype video call. The main window shows a smiling man with a beard. In the bottom left corner, there are two smaller windows showing other participants.	<p>If there is another way to talk, instead of meeting in person, we will choose to do that.</p> <p>For example, using Skype for meetings.</p>
 An illustration of a green and yellow bus on the left and a silver bicycle on the right.	<p>We will support people to use public transport – buses and trains – or bicycles.</p>

We will try and use environmentally friendly ways to travel.

Maintenance and Cleaning

We will use environmentally friendly cleaning products.

We will use only properly licensed waste removal companies.

We will also try to use local companies and materials to be more environmentally friendly and support the community.
